

I listen to and love XM!! They don't offer traffic and weather here in Indianapolis, BUT if this happens they might never be able to. Having listened to some of said channels before, they could be of much help to me and others. Heck sometimes even local traffice reports on FM aren't as good as the ones on XM. XM weather and traffic is always there too, I don't have to wait through a bunch of music I don't wanna hear JUST to hear traffic, and I can get the weather easier too. Bottom line is I PAY for XM, and the NAB SHURE AS HELL shouldn't be able to tell ME what I can listen to! It's a bunch of sad companies that are sad that have had to watch as FM LOST it's LAST advantage over XM!!
